

Susie's Carol Singing Cloze

Use your map to help you fill in the blanks in the following passage.

Susie left her house at 5. Severn Avenue and turned right up to Church Road. There, she turned left and walked past _____ Church on the _____ hand side. When she got to Windermere Avenue she turned right. She could see the River _____ on her left hand side.

When she got to the school she turned left. Very carefully, she crossed High Street and took the first on the right, Turnpike Lane. She then went down Middle Street. She crossed _____ View and carried on around the North Side of the park. When she reached The White Horse Inn she turned left, back along _____ Street. She turned right onto Swaledale Road and took the second road on the right, _____ Avenue.

Finally she walked home where number 5 was on the _____ hand side.

Susie's Carol Singing Cloze—Answers

Susie left her house at 5. Severn Avenue and turned right up to Church Road. There, she turned left and walked past St Peter's Church on the right hand side. When she got to Windermere Avenue she turned right. She could see the River Dartman on her left hand side.

When she got to the school she turned left. Very carefully, she crossed High Street and took the first on the right, Turnpike Lane. She then went down Middle Street. She crossed Park View and carried on around the North Side of the park. When she reached The White Horse Inn she turned left, back along High Street. She turned right onto Swaledale Road and took the second road on the right, Severn Avenue.

Finally she walked home where number 5 was on the right hand side.
