# <u>Money Dominoes</u>

A simple coin/money recognition matching game for 2—6 players.

- Print off the 7 sheets of cards (for best results set printer settings to **A4**), laminate, cut each page into 4 tiles, horizontally in pairs, giving 28 cards.
- Deal cards out to players, 4 or 5 each, place rest of cards in middle of the table.
- Ask players to pick up their cards and ask who has the double 3p card (i.e. the number 3p and coins equivalent to 3p (If no one has the 3p card, ask for a 4p card)
- The next player clockwise has to match a 3p card to a 3p card from their hand with the 3p card already laid.
- Initially, it can be either coins or a or a number. Double cards are placed at right angles to the chain.
- If a player has no 3p card, they must pick a card up from the pile, this constitutes their turn.
- Play continues until one player has played all their cards and is called the winner.
