

## Transport Dominoes

A simple word recognition matching game for 2—6 players.

- Print off the 10 sheets of cards (for best results set printer settings to **A4**), laminate and cut each card.
- Deal cards out to players, 4 or 5 each. Place rest of cards in middle of the table.
- Ask players to pick up their cards and ask who has the double bicycle card ( i.e. a picture of a bicycle & the word **bicycle** (If no one has that card ask who has the double car card.).
- The next player clockwise has to match a
- bicycle card from their hand with the bicycle card laid
- initially, it can be either a picture or a word. Double cards are placed at right
- angles to the chain. If a player has no bicycle card, they must knock the table and pick a card up from the pile, this constitutes their turn.
- Play continues until one player has played all their cards and is called the winner.
